HOWDY! IT'S JANUARY! CAN YOU BELIEVE IT?!?! Congratulations on making it through the First Semester. This may have been your *first* First Semester or possibly could have been your *last* First Semester, both are life changing. First time students *and* parents go through the excitement, anxiety, stress and sadness of their Student being gone. Last First Semester, is also full of excitement, anxiety, stress and sadness. Both unsure of what comes next. Remember Aggie Moms are here for you. Let us know if you have any questions or concerns. Many of us have been there and done that! Hang in there Moms!

Our General Meeting in December had everyone's creative juices flowing with the making of many beautiful ornaments. We had fun games with prizes AND an ornament exchange. So much fun to see such an amazing variety of ornaments. Thank you to all that attended and participated.

This semester will fly by. Lots of interesting and fun events have been planned to keep you informed and up to date. Understanding that *life happens*, we do miss you when you're not there. ☺

Here is what's up for the next few months...
